Software Developer focused on backend and cross-platform architectures. Upcoming Computer Engineering student seeking to combine practical experience with strong theoretical foundations in algorithms and systems. Results-oriented, focused on clean code and agile MVP development. .

Technologies

- Professional Experience: C#, .NET, Blazor, AL (Dynamics 365 Business Central), MySQL, Git.
- Studies and Projects: Python, Java, Swift, Kotlin, PostgreSQL, JavaScript.

Education

- Universidad Internacional de La Rioja (UNIR)
 - Degree in **Computer Engineering** (2026 – Present)
- Instituto Enrique Tierno Galván
 - Higher Technician in **Multiplatform Application Development** (2023 – 2025)
- Instituto Ciudad de los Muchachos
 - Intermediate Technician in **Microcomputer Systems and Networks** (2021 – 2023)
 - Educación Secundaria Obligatoria (ESO)

Software Development Experience

- Agrámalo
 - Junior Developer - Microsoft Technologies – Jan 2026
Achievements: Specialized in .NET, Power Platform, and REST APIs. Optimization of workflows with generative AI and agile methodologies.
 - Intern – Sept 2025 / Jan 2026
Achievements: Development of applications with .NET and Blazor. Direct client management and product quality control.

Other Professional Experience

- Sales Associate – Ikea – June 2025 / Sept 2025
 - Sales assistance, stock/warehouse management, and customer service.
- Warehouse Worker - Tamdis – March 2025 / April 2025
 - Logistics management of orders using PDA, enterprise software, and warehouse machinery.

Skills

- AI applied to development and documentation. Teamwork and effective communication. Problem-solving and continuous improvement.
- English: B1 (High Comprehension, Limited Oral Expression, but improving).
- Driving License B1 with own vehicle
